What Your Results Mean (Core Interpretation)

Your Career Interest Profile: **RCE** (Realistic • Conventional • Enterprising)

Scores: R=2, I=0, A=1, S=0, E=1, C=1

Realistic (R)

Practical and hands-on. You like real-world tasks and clear results.

- You are energized by building, fixing, or operating tools and equipment.
- You are energized by working with materials, systems, or physical processes.
- You are energized by seeing concrete outcomes you can point to.

Best-fit environments are structured, action-oriented, and focused on tangible results, with clear steps and defined responsibilities.

Conventional (C)

Organized and detail-focused. You enjoy structure and order.

- You are energized by working with systems, records, or data.
- You are energized by creating reliable processes and routines.
- You are energized by keeping operations accurate and on track.

Best-fit environments are clear, consistent, and process-driven, with defined standards and expectations.

Enterprising (E)

Driven and persuasive. You like initiating and leading outcomes.

- You are energized by leading projects or influencing decisions.
- You are energized by setting goals and driving results.
- You are energized by building momentum around opportunities.

Best-fit environments are fast-moving and goal-oriented, with space to lead, persuade, and create progress.

Supporting themes to keep in mind

Artistic (A): Expressive and imaginative. You value originality and creativity.

Investigative (I): Curious and analytical. You enjoy understanding how things work.

Integrated Meaning (Beyond Job Titles)

What kind of work environment and role structure will allow me to perform at my best?

Your code suggests you thrive when your work matches your strongest themes, with clear expectations and enough space to apply your strengths.

Environments that ignore your top interests or feel misaligned can drain your energy and motivation.

Career Direction Clusters (Contextualized)

These clusters show direction, not fixed job titles. Use them to explore roles that match your style.

Hands-on operations and field work

Technician, maintenance, logistics, field operations, equipment support

Practical work with tools and systems where results are visible and measurable.

Structured operations and administration

Operations coordinator, finance support, admin, compliance

Structured roles that rely on accuracy, order, and dependable systems.

Business growth and leadership

Sales, project lead, entrepreneurship, partnerships

Fast-moving work that requires influence, initiative, and ownership.

Next 7 Days Action Plan

- Review your results and highlight why Realistic and Conventional feel strongest right now.
- Complete one hands-on task this week and note what felt satisfying or frustrating.
- Organize a simple workflow or checklist and track how it improves your efficiency.
- Combine both themes in a small experiment and record what felt most natural.
- Bring your notes to the mentorship session so we can shape your next step together.

Questions We Will Cover in the Session

- Which tasks consistently energize you across work and life?
- How can we turn your top themes into a clear direction?
- What environments help you do your best work?

- Which skills or experiences should you build next?
- How can your results guide a near-term career experiment?
- What options feel realistic and exciting right now?
- What support or mentorship will help you stay on track?

Mentorship Session to Review Results

Your results are a starting point, not a final answer. The session helps translate your profile into a practical plan.

Clear purpose and promise

What happens in the session

- Clarify your top themes and what they mean for daily work.
